Working with The Medicare Supplement Plans is genuinely enjoyable. Thalie and their knowledgeable staff promptly respond to emails and phone calls. They provided me with honest feedback about which insurance plan would offer my family the most benefits without costing the most when I was choosing insurance plans for my family and they answered all of my questions. To my family and friends, I heartily endorse them.

Outstanding in every way. It's been a while since I've experienced such wonderful service. Quick, amiable, effective, and gets the job done. I received my quote and my new insurance policy 5 hours after making my initial call to their office. Look nowhere else; these people are the best.

I would recommend this to anyone looking for Medicare insurance. There are many plans to choose from and can be a daunting task. I spoke to John White about 8 months ago. I had already signed up for a plan for 2022. John followed up with me in the beginning of April. He showed me many plans and I finally decided on one. I was also able to keep my plan F. He had a pleasant voice and not pushy. He had great follow up and was very professional. I would recommend this company to anyone looking for answers in regards to their Medicare needs.

Chelsi and Danielle have been so much help to me with getting a life insurance policy set up for me and my 3 kids. I never thought about really needing life insurance until they explained into detail what could happen and how the policies work. I really think we will benefit from this policy. Thank you so much.

I absolutely love this company! Anytime I have an issue, they are more than happy to help me and have actually called my dr office directly to straighten out bills! Today they offered to call the durable medical supply house since I was having trouble getting through to them. They go the extra mile for their customers!
